

Spring Modular Straight with Back and Castors

Transform your space with our versatile and stylish lounge seating, proudly Australian designed and manufactured. Featuring a waterfall-style backrest, the Spring Range consists of two modules: a straight lounge with a back, and a quarter-circle lounge with a back, that can be effortlessly arranged. The curve with the back forms $\frac{1}{4}$ of a circle, allowing for creative layouts. While not inherently modular, it integrates seamlessly with the Flow Range to create unique and functional environments. Ideal for breakout areas, libraries, educational settings, and training spaces.
