COMFORTDUO

Seat Cushion

Recommended by Medical Practitioners – featuring leading comfort and support that is essential for workspace health and well-being.

Providing two zones of varying support -
Soft rear cushion and a firm front seat cushion.

Rear (Soft): Softer foam that allows the sitting bones to sink into the foam, thereby preventing slumping and promoting the correct ergonomic posture.

Front (Firm): Firmer foam which provides additional support for the legs, improving blood and oxygen flow and providing correct leg posture.
